

Paws in Words — Affiliate & Referral Program

Paws in Words turns photographs into portraits made entirely of words — heartfelt, giftable and easy to share, which makes them a natural fit for creators and communities. Share your link, and earn on every order you send our way.

How it works

- 1. Get your link.** We give you a personal referral link (it carries a unique ?ref tag).
- 2. Share it.** Post it, pin it, email it, or add it to your newsletter or link-in-bio.
- 3. Earn.** Every purchase that arrives through your link is credited to you at checkout, and you're paid a commission.

What you'll earn

Up to 30% commission on every order you refer — digital downloads, fine-art prints, framed keepsakes and multi-portrait collection sets. Tracking is per-referral, so your sales are always credited to you.

Who it's for

Bloggers and writers, Pinterest & Instagram creators, faith and memorial communities, parish and school newsletters, gift guides — anyone whose audience would treasure a word portrait.
